

Notice to Customers Paying by Check

When you provide a check as payment, you authorize us either to use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction.

When we use information from your check to make an electronic fund transfer (a process referred to as electronic check conversion), funds may be withdrawn from your account as soon as the same day you make your payment, and you will not receive your check back from your financial institution.

Although you may not opt out of electronic check conversion when paying by check, you may choose another payment method, such as cash or credit card.
